

## **GOLD DUST CASINO AND HOTEL WILL INSTALL SCIENTIFIC GAMES *iVIEW*<sup>®</sup> SYSTEMS SOLUTION ACROSS 240 SLOTS AND TABLE GAMES**

**LAS VEGAS – April 20, 2021** – [Scientific Games Corporation](#) (NASDAQ: SGMS) (“Scientific Games” or the “Company”) announced an agreement with [Gold Dust Casino and Hotel](#) to install its *iVIEW* displays across 233 slot games and seven table games in addition to [SDS](#)<sup>®</sup> and [CMP](#)<sup>®</sup> core systems.

“We chose to replace our current system because of our exceptional relationship with Scientific Games,” said Tony Sieber, General Manager at Gold Dust Casino and Hotel. “We’ve established a great partnership and they understand our business’ needs and our customer’s needs. Scientific Games took the time to do a detailed due diligence of our operational needs and this was also a key factor in selecting their Systems for our business.”

*iVIEW* technology enables operators to show dynamic marketing content, animations and videos on the gaming machine while providing an instant response through a sophisticated multi-touch display. *iVIEW* uses player-friendly graphical widgets to enable marketing teams to easily update content throughout the property, significantly enhancing the player experience.

*SDS* has provided operators with accurate, reliable, and innovative slot-accounting solutions for over 40 years. This market-leading, integrated slot-accounting system continually monitors slot machines and other gaming devices, as well as player gaming activity property-wide. *CMP* is a player-tracking and customer relationship system that helps operators manage and evaluate their database of players.

“Our Scientific Games Systems are scalable and can be customized to fit casinos of all sizes,” said Bob Parente, Executive Vice President and Chief Revenue Officer at Scientific Games. “This system will allow Gold Dust Hotel and Casino to meet their current business needs and give them the ability to add features in the future. It will provide them with the capability to grow and evolve to meet the needs of their players and business.”

## **Forward-Looking Statements**

In this press release, Scientific Games makes "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as "will," "may," and "should." These statements are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Therefore, you should not rely on any of these forward-looking statements as predictions of future events. Actual results may differ materially from those contemplated in these statements due to a variety of risks, uncertainties and other factors, including those factors described in our filings with the Securities and Exchange Commission (the "SEC"), including Scientific Games' current reports on Form 8-K, quarterly reports on Form 10-Q and its latest annual report on Form 10-K filed with the SEC on March 1, 2021 (including under the headings "Forward-Looking Statements" and "Risk Factors"). Forward-looking statements speak only as of the date they are made and, except for Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.
