ARCTIC RICHES™

Arctic Riches™ is a snowy, arctic-themed game that features AGS's Reel Surge feature. The Reel Surge feature allows the reels to change shape from spin to spin. Arctic Riches is a Class III game built to captivate players with its proven math, crisp artwork, and dynamic cabinet lights.

Pays in Arctic Riches are from left to right and right to left and use the PowerXStream evaluation method with 576 ways to win. This new game also offers the bonus trigger, which is a scattered trigger with multiple triggers available on a single spin. This arctic-themed game features a mountain symbol as the highest paying symbol, a blue wolf as the second highest paying symbol, a purple bear as the third highest, and various themed objects as the mid pays. AGS' artists made the graphics on this game crisp. Arctic Riches has an animated top screen with a snowy mountain and progressive meter. When a bonus game is initiated an intense blizzard enraptures the mountain.

Imagine the Arctic Riches artwork in the vibrant, brand-new Orion cabinet captivating players on your casino floor.

RIO RICHES

Build excitement on your casino floor with Ainsworth's Rio Riches video slot machine, designed to keep players engaged.

This innovative Stacked Up feature enables players to unlock a total of three full reel sets during the free games feature. To build anticipation, the player is awarded one game array at a time, while having the chance to stack up the next set of reels. Players activate the free games feature by collecting three or more scattered "beach" symbols. Each additional scatter awards the next game array – along with additional free games building up to three full reel sets. Up to 17 free games can be won in the Stacked Up feature. During the base game, players can also win the Jackpot Spin feature when full stacks of "beach" symbols land on the first two reels. The Jackpot Spin awards one of two progressive jackpots or a bonus credit award.

With its sleek A640 cabinet, vibrant graphics, and amusement building feature, this 1-cent game is sure to attract players.

AGENT: MAGNIFYING JACKPOTS™

Get on the case. Konami's Strike Zone™ mechanic has teamed up with a slew of symbol-driven jackpots to give players an investigative adventure as a super sleuth detective. Expanding on the Strike Zone series made popular with Star Watch Magma™ and Star Watch Fire™, Agent: Magnifying Jackpots™ by Konami Gaming, Inc. is a 5-reel multi-denom game with scaling 4-level standalone jackpots.

Throughout game play, reels outlined in gold are part of the active Strike Zone, which awards nudging full-reel wilds.

Players expand the Strike Zone to additional reels at higher bet amounts, up to the entire reel frame. With each spin, areas across all five reels are randomly replaced with maximum, major and mini symbols. Five matching jackpot symbols on a payline instantly awards the corresponding prize. Full-reel jackpot symbols on the first reel with full-reel nudging wilds on the remaining reels awards the Supreme jackpot.

Agent: Magnifying Jackpots is a KP3+™ platform game featured on Konami's 43" curved Concerto™ Crescent™ cabinet, with spectacular lighted inserts that span the entire length of the game cabinet.

BANANA LAND

Banana Land is a progressive game featuring a combination of free-game awards and a two-level progressive jackpot, with the top award resetting at \$5,000.

These fun, yet mischievous looking monkeys are available in non-progressive, 25-line standalone progressive and 25-line “any bet” configurations. One of Ainsworth’s lower volatility penny games, Banana Land features a max bet of \$2.50. In the assortment of symbols, players will see “wild” symbols, which substitute for all symbols – except ‘scatter’. During initial game play, three or more “Banana” symbols triggers a total of eight free games, activating the Wild Monkey

bonus feature. In the bonus feature, “Monkey” symbols are turned into “Wild Monkeys,” which substitute for any symbol – except “Bananas” – to award huge credit prizes. To get the most out of the game, players can increase their scatter wins by increasing total bet. The mystery progressive can be randomly triggered during primary game play – so let the mystery begin.

RISING PANDA™ / RISING GUARDIAN™

Rising Panda™ and Rising Guardian™, a new series showcased on the hugely successful TwinStar J43™ cabinet is now available in the Class II market. Rising Panda and Rising Guardian are 5-reel, Reel Ways® games with 1,024 ways to win. The games boast four levels of near-area progressive jackpots, which can be won in a thrilling jackpot feature. The jackpot feature is triggered when illuminated "scroll" symbols appear on reel 1, 5 or both. Players pick from 32 scrolls with each pick revealing

a grand, major, minor or mini jackpot symbol and illuminating a spot on the corresponding jackpot's meter. Whichever meter is populated first, the corresponding jackpot is awarded.

Both games also have an exhilarating Rising Feature triggered by a Glowing Panda or a Glowing Guardian symbol in a winning combination. At the beginning of the feature, all symbols lock in place. An additional row is added, which spins. Each additional Glowing Panda or Glowing Guardian symbol landed will lock the row, add an additional row and grant one spin. The feature ends when no additional Glowing Panda or Glowing Guardian symbols are achieved or if the reels have expanded to eight rows offering 32,768 ways to win. ♣
