

## **AGS Launches First Title in Canadian Market with Loto-Québec via Scientific Games' OpenGaming™ Platform**

Rakin' Bacon!® the first of many titles to go-live with operators

**LAS VEGAS – June 3, 2021** – [Scientific Games Corporation](#) (NASDAQ: SGMS) (“Scientific Games” or the “Company”) has enhanced its partnership with long-term *OpenGaming* customer Loto-Québec by facilitating the launch of content from AGS.

AGS is one of the world's leading publicly traded gaming equipment suppliers, developing slot cabinets and games, proprietary table games and associated equipment, and has an interactive division which provides both online social and iGaming solutions for operators and players.

Rakin' Bacon! is the first game available with Loto-Québec, the fantasy pig-themed game features the golden pig in a coin-filled room and offers cartoon-like animations for players, with the inclusion of responsible gaming tools that ensures player safety.

The integration was made possible through Scientific Games' Open Gaming System (OGS), which reaffirms *OpenGaming* as the leading content aggregation platform within the betting and gaming industry. OGS consists of over 3,000 games from the industry's leading third-party providers, as well as the Company's in-house gaming studio with titles featuring cutting-edge gameplay.

Matt Reback, Executive Vice President – Operations, AGS, said: “Launching in Canada is the next step for AGS and our aim to bring our content to the widest audience and we are thrilled to have Rakin' Bacon as the first title to go live with Loto-Québec and we are looking forward to seeing our games resonate with Canadian players.”

Stéphane Martel, Acting Senior Director, Products and Innovation at Loto-Québec, said: “This agreement and launch underpins our relationship with Scientific Games and how the *OpenGaming* platform is a key component in offering a vast array of content to our players.”

Marc Crean, Commercial Director, Canada and LATAM, Digital at Scientific Games, said: “We're pleased to welcome AGS to the Open Gaming ecosystem in Canada and we're sure their content will be a massive success for Loto-Québec and our other Canadian partners.”

**Forward-Looking Statements**

In this press release, Scientific Games makes "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as "will," "may," and "should." These statements are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Therefore, you should not rely on any of these forward-looking statements as predictions of future events. Actual results may differ materially from those contemplated in these statements due to a variety of risks, uncertainties and other factors, including those factors described in our filings with the Securities and Exchange Commission (the "SEC"), including Scientific Games' current reports on Form 8-K, quarterly reports on Form 10-Q and its latest annual report on Form 10-K filed with the SEC on March 1, 2021 (including under the headings "Forward-Looking Statements" and "Risk Factors"). Forward-looking statements speak only as of the date they are made and, except for Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.
