

Scientific Games and Marker Trax Unite to Accelerate Move to Cashless Funds

LAS VEGAS – August 16, 2021 –As the gaming industry shifts to cashless solutions, [Scientific Games Corporation](#) (NASDAQ: SGMS) (“Scientific Games” or the “Company”) announces their partnership with Marker Trax, a cashless alternative to issuing casino markers.

“We have followed the evolution of Marker Trax and we see low friction, player credit offerings as a compelling addition to our *Unified Wallet* cashless solution,” said Rob Bone, senior vice president of global systems, and tables at Scientific Games. “This partnership enhances the player’s gaming experience, and we look forward to collaborating with the Marker Trax team to offer the most complete cashless technology.”

Through online and mobile app enrollment, players can apply for a Marker Trax account and be fully underwritten and approved for an instant revolving advance line of casino credit in less than 5 minutes. An interface with Scientific Games slot management system and industry-leading *Unified Wallet* cashless solution allows for approved funds to be immediately available to the players electronically at their machine.

Scientific Games’ award-winning technology accounts for the players’ cashless advances and balances seamlessly augmenting both the player’s experience and the operator’s efficiency.

Enrollment in Marker Trax is free and requires the player to be a member of the operator’s loyalty program. Once enrolled players have access to their cashless advance right at their favorite machine.

“We’re excited to be working with the great group of industry leaders at Scientific Games as we expand the reach of Marker Trax”, said Charlie Skinner, Marker Trax Chief Operating Officer.

Players will have full access to their account information on the mobile app and website, giving them the ability to make payments, check their account balances and a variety of other user-friendly transactions.

Gary Ellis, Founder and CEO of Marker Trax said, “We’re focused on player convenience and operator efficiency and our collaboration with Scientific Games strengthens our commitment to the industry.”

The Marker Trax solution provides operators with a robust dashboard that gives onscreen access to information such as player activity, reports, data analysis and other functionality to harness the performance of Marker Trax. The data retrieved allows operators to take action to continue to engage and retain players and leverage the benefits of Marker Trax to impact their database and slot performance.

Forward-Looking Statements

In this press release, Scientific Games makes "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as "will," "may," and "should." These statements are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Therefore, you should not rely on any of these forward-looking statements as predictions of future events. Actual results may differ materially from those contemplated in these statements due to a variety of risks, uncertainties and other factors, including those factors described in our filings with the Securities and Exchange Commission (the "SEC"), including Scientific Games' current reports on Form 8-K, quarterly reports on Form 10-Q and its latest annual report on Form 10-K filed with the SEC on March 1, 2021 (including under the headings "Forward-Looking Statements" and "Risk Factors"). Forward-looking statements speak only as of the date they are made and, except for Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.

About Marker Trax

Marker Trax is a cashless, digital alternative to a casino marker. The product is the first of its kind to offer regulatory-compliant casino marker solutions with responsible gaming tools to reduce the risk associated with advance issuance for both players and operators. Developed and patented by the company's founder, Gary Ellis, in 2018, Marker Trax makes for a more efficient gaming experience for players. The application process allows players to be scored and given access to their markers in minutes. Marker Trax integrates into casino operating systems, allowing for easy start-up and player tracking. More information about Marker Trax can be found on the company's website at www.markertrax.com.
