

SCIENTIFIC GAMES SIGNS *iVIEW*[®] 4 SYSTEMS AGREEMENT WITH MENOMINEE CASINO RESORT

Wisconsin casino to install Scientific Games' player loyalty and bonusing system across 791 gaming machines.

LAS VEGAS – November 17, 2020 – [Scientific Games Corporation](#) (NASDAQ: SGMS) (“Scientific Games” or the “Company”) announced an agreement with [Menominee Casino Resort](#) to install a number of Systems solutions across 791 gaming machines by year-end. These solutions include [iVIEW 4](#) with [Web Content Manager \(WCM\)](#), [Beverage Ordering Software System \(BOSS\)](#), [Business Intelligence \(BI\)](#), [Elite Bonusing Suite[®] \(EBS\)](#), [Promotional Kiosk](#), [Servizio[™]](#), and the [Social Distancing and Automated Game Sanitization Modules](#).

iVIEW 4 is a next-generation player interface that displays dynamic marketing animations and video with instant response, through a state-of-the-art multi-touch display. *iVIEW 4* allows casino operators to showcase their loyalty club and facilitate better player experiences through the WCM, EBS and BOSS, rewarding players right at their device. Business Intelligence is an advanced application that delivers essential solutions for casino operators to grow their business through an improved understanding of table and slot performance, player behavior, trending and player value. The Promotional Kiosk is a fully customizable solution that streamlines traffic and provides new and exciting ways to offer rewards to players directly at the player kiosk. The *Servizio* suite of mobile applications covers automated dispatch, jackpot processing, player registration, host functions, proactive gaming device maintenance and more.

“We are a long-time Scientific Games customer and feel confident that the Systems solutions we’re installing will allow us to provide our players with a first-class casino experience,” said Daniel Hansen, General Manager at Menominee Casino Resort. “We are also very excited to be the first property to install the Social Distancing Module in the State of Wisconsin.”

The Scientific Games Social Distancing Module provides an efficient and effective method for casino operators to adhere to the required COVID-19 safety measures, by giving them two options to enable or disable machines and providing players the capability to reserve a time to play. Similar to the Social Distancing Module, the Automated Game Sanitization Module eliminates the manual task of searching for games to sanitize on the casino floor and replaces it with an efficient method for keeping games clean and customers safe.

“We are extremely grateful for our long-standing partnership with Menominee Casino Resort,” said Bob Parente, Executive Vice President and Chief Revenue Officer at Scientific Games. “We look forward to seeing the positive impact of these cutting-edge Systems solutions on their casino floor.”

Forward-Looking Statements

In this press release, Scientific Games makes "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as "will," "may," and "should." These statements are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Therefore, you should not rely on any of these forward-looking statements as predictions of future events. Actual results may differ materially from those contemplated in these statements due to a variety of risks, uncertainties and other factors, including those factors described in our filings with the Securities and Exchange Commission (the "SEC"), including Scientific Games' current reports on Form 8-K, quarterly reports on Form 10-Q and its latest annual report on Form 10-K filed with the SEC on February 18, 2020 (including under the headings "Forward-Looking Statements" and "Risk Factors"). Forward-looking statements speak only as of the date they are made and, except for Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.
