*Jackpot Party* showcases over 200 authentic Vegas-style slots on an entirely reimagined platform. It's the same game players love with amped up features and design. In-game celebrations have been amplified to recreate the buzz and excitement of big win events. Adding to the vibrant celebration, new Party Prizes reward players on big win events with thrilling mystery gifts. Featured prominently in the lobby, anticipatory animations showcase the excitement of watching the timer count down to open the prize. Multi-progressive jackpots have been redesigned from the ground up, adding lower tier prizes and larger "grand prizes," opening more ways to win jackpots to all types of players.

The new game also boasts bigger, clearer game icons, smoother animations, and an upgraded user interface design to improve upon usability and playability. As a comprehensive visual and auditory overhaul, the new and improved *Jackpot Party* is built to captivate its global audience and bring the excitement of the casino floor into the hands of players everywhere.

Aaron Schurman, Managing Director of SG Social, said, "With this new update, *Jackpot Party* truly lives up to its name!
