The fast-paced three-day event, focused on gaming and interactive technology solutions, is expected to draw more than 500 casino operators from across the globe from departments which include executive management; accounting and finance; casino credit; slot operations; table games; compliance; food and beverage; hotel operations; IT/IS; internal audit; internet gaming; purchasing; and marketing.

EMPOWER participants will have the opportunity to attend more than 60 educational sessions and how-to workshops, receive access to more than 20 partner exhibits, gain deep insights into Scientific Games' product roadmaps and strategies – and enjoy valuable networking opportunities.

Scientific Games Chief Executive Officer and President Kevin Sheehan said, "*EMPOWER* is the most important technology and business conference for Scientific Games' customers, dedicated to helping casino operators leverage our products while providing key insights into industry trends and the innovation we are currently working on to even further empower our customers. If you want to learn, connect, be inspired, add value to your business and have fun, please join me and the Scientific Games leadership team at *EMPOWER* 2017."

EMPOWER will provide attendees with powerful insights on how casino operators can capitalize on the increasing convergence of land-based and interactive technologies and utilize the industry's broadest, most innovative, and most exciting product portfolio to help drive revenue, improve operating efficiencies, and increase player engagement.

To collaborate and learn, attendees can take advantage of:

- **Keynotes and General Sessions:** Learn from industry experts and be inspired by thought leaders and Scientific Games' executives.
- **Informative Conference Tracks:** Targeted for your professional specialty, choose from tracks for Games, Systems, Table Products and Interactive.
- **Educational Sessions Targeted for Your Business:** Emerging Technologies; Slot Floor of the Future; Building An Online Player Community; Merging Land-Based and Online Offerings; and Beyond Millennials, to name a few.
- **Fast-Paced How-To Workshops:** Designed to help you maximize your investment in Scientific Games solutions. Get an in-depth look at specific system features and how to set them up and achieve greater ROI based on Scientific Games' expert experience.
- **Hands-On Product Demonstrations:** Spend some time experiencing Scientific Games' new products yourself, through hands-on demonstrations of our visionary games, systems, table products and interactive solutions.
- **Sponsor Partner Expo:** An 18,000 square foot exhibit area for conference attendees to learn how *EMPOWER* sponsor products complement Scientific Games' solutions – designed to drive casino revenue and business efficiencies. With more than 20 sponsors already committed, attendees can interact with these leading companies, many of which integrate their best-of-breed solutions with Scientific Games' systems.

To play, mix, and mingle with other casino professionals and users of Scientific Games' solutions, attendees will be invited to participate in numerous receptions and networking events, including:

- **Golf Tournament at Bali Hai Golf Club:** Enjoy sunshine, lush tropical landscape, immaculately manicured greens and plenty of peer-to-peer networking at the only championship golf course located right on the Las Vegas Strip.
- **Wine Tasting Lunch:** From surprising reds to a selection of organic and green vintages, we have paired wine tasting with a delicious lunch at Planet Hollywood's sultry Koi Restaurant and Lounge.

Forward-Looking Statements

In this press release, Scientific Games makes "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements describe future expectations, plans, results or strategies and can often be identified by the use of terminology such as "may," "will," "estimate," "intend," "plan," "continue," "believe," "expect," "anticipate," "target," "should," "could," "potential," "opportunity," "goal," or similar terminology.

These statements are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Actual results may differ materially from those contemplated in these statements due to a variety of risks and uncertainties and other factors, including, among other things: competition; U.S. and international economic and industry conditions, including declines in or slow growth of gross gaming revenues or lottery retail sales, reductions in or constraints on capital spending by gaming or lottery operators and bankruptcies of, or credit risk relating to, customers; limited growth from new gaming jurisdictions, declines in the replacement cycle of existing gaming machines and slow addition of casinos in existing jurisdictions; ownership changes and consolidation in the gaming industry, including by casino operators; opposition to legalized gaming or the expansion thereof; inability to adapt to, and offer products that keep pace with, evolving technology; inability to develop successful gaming concepts and content; laws and government regulations, including those relating to gaming licenses and environmental laws; inability to identify and capitalize on trends and changes in the gaming, lottery and interactive industries; dependence upon key providers in our social gaming business; inability to retain or renew, or unfavorable revisions of, existing contracts, and the inability to enter into new contracts; level of our indebtedness, higher interest rates, availability or adequacy of cash flows and liquidity to satisfy indebtedness, other obligations or future cash needs; inability to reduce or refinance our indebtedness; restrictions and covenants in our debt agreements, including those that could result in acceleration of the maturity of our indebtedness; protection of our intellectual property, inability to license third party intellectual property, and the intellectual property rights of others; security and integrity of our software and systems and reliance on or failures in our information technology systems; natural events that disrupt our operations or those of our customers, suppliers or regulators; inability to benefit from, and risks associated with, strategic equity investments and relationships, including (i) the inability of our joint venture to realize the anticipated benefits under its private management agreement with the Illinois lottery or from the disentanglement services performed in connection with the termination thereof, (ii) the inability of our joint venture to meet the net income targets or other requirements under its agreement to provide marketing and sales services to the New Jersey Lottery or otherwise to realize the anticipated benefits under such agreement and (iii) failure to realize the anticipated benefits related to the award to our consortium of an instant lottery game concession in Greece; failure to achieve the intended benefits of the Bally acquisition or the WMS acquisition, other recent acquisitions, or future acquisitions, including due to the inability to successfully integrate such acquisitions or realize synergies in the anticipated amounts or within the contemplated time frames or cost expectations, or at all; disruption of our current plans and operations in connection with our recent acquisitions

(including in connection with the integration of Bally and WMS), including departure of key personnel or inability to recruit additional qualified personnel or maintain relationships with customers, suppliers or other third parties; incurrence of employee termination or restructuring costs, and impairment or asset write-down charges; changes in estimates or judgments related to our impairment analysis of goodwill or other intangible assets; implementation of complex revenue recognition standards; fluctuations in our results due to seasonality and other factors; dependence on suppliers and manufacturers; risks relating to foreign operations, including fluctuations in foreign currency exchange rates (including those fluctuations related to the affirmative vote in the U.K. to withdraw from the EU), restrictions on the payment of dividends from earnings, restrictions on the import of products and financial instability, including the potential impact to our business resulting from the affirmative vote in the U.K. to withdraw from the EU and the potential impact to our instant lottery game concession or VLT lease arrangements resulting from the recent economic and political conditions in Greece; dependence on our key employees; litigation and other liabilities relating to our business, including litigation and liabilities relating to our contracts and licenses, our products and systems, our employees (including labor disputes), intellectual property and our strategic relationships; influence of certain stockholders; and stock price volatility.

Additional information regarding risks, uncertainties and other factors that could cause actual results to differ materially from those contemplated in forward-looking statements is included from time to time in our filings with the SEC, including the Company's current reports on Form 8-K, quarterly reports on Form 10-Q and its latest annual report on Form 10-K filed with the SEC on February 29, 2016 (including under the headings "Forward Looking Statements" and "Risk Factors"). Forward-looking statements speak only as of the date they are made and, except for Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.
