

Light & Wonder to Showcase Market-Specific Content and Hardware at G2E Asia

Regionally relevant solutions designed to diversify and modernize casino floors

LAS VEGAS – May 28, 2024 – [Light & Wonder, Inc.](#) (NASDAQ and ASX: LNW) (together with its subsidiaries “Light & Wonder,” “L&W” or the “Company”) today announced it will present a showstopping portfolio of new games, hardware and systems solutions for Asia within its stand A1003 at the G2E Asia tradeshow June 4-6, 2024 at the Venetian Macau in Macau, China.

“Light & Wonder remains committed to supporting our customers’ continued growth, and G2E Asia is an excellent opportunity for operators throughout the region to experience firsthand how our portfolio can elevate their offerings,” said Ken Jolly, Vice President & Managing Director, Asia, at Light & Wonder.

Regionally Relevant Content: Making its G2E Asia debut is the Company’s latest triple feature game, *DRAGON TRIO™*, along with *JIN JI BAO XI™ Deluxe* based on the popular *JIN JI BAO XI™* titles, *ECHO FORTUNES™* and *ENDLESS TREASURE™*. Additionally, *BIG HOT FLAMING POTS™*, with two thrilling game titles, *DELICIOUS DELIGHTS™* and *TASTY TREASURES™*, will also make its debut within the stand.

Other stand-out titles include *JEWEL OF THE DRAGON™* with *RED PHOENIX™* and *A THOUSAND WARRIORS™* games, *JIN JI BAO XI™ GRAND*, with the Tiger and Phoenix games and *DUO FU DUO CAI™ Grand* with the *DRAGONS* and *INGOTCHA™* games. Also on display is *DRAGON SPIN™* *CROSSLINK™* with four engaging launch titles (Water, Fire, Air and Earth), and the player-favorite *HUFF N’ MORE PUFF™*.

Captivating Hardware: Building on the success of the *KASCADA™ DUAL SCREEN*, the Company will present the *KASCADA Slant*. The new gaming machine’s shorter height provides improved sightlines on property floors and supports the same best-in-class content library as the beloved *KASCADA DUAL SCREEN*. The base is also designed to support and accommodate most customer sled chair types.

Tables Technology: The Tables team will present a variety of innovative solutions for casino operations, offering products designed to enhance efficiency, reduce waste, and elevate the gaming experience for customers.

THE CARD RECYCLER™ minimizes waste by retaining gently used cards instead of discarding entire decks, and the cutting-edge *IDEAL PLUS™* revolutionizes shuffling technology to boost operator efficiency. This next-generation shuffler supports faster gameplay, reduces downtime, and ensures security with card recognition technology presented in a sleek, low-profile design.

Standout Systems Solutions: Light & Wonder will shine a spotlight on its system agnostic solution, *L&W ENGAGE*, which can evolve and elevate the patron loyalty experience regardless of their existing casino management system. *L&W ENGAGE* and Engage AI enables operators to provide one-on-one marketing and loyalty to their customers.

Attendees can also experience Light & Wonder's Patron Mobile App. The solution is redefining the casino resort experience by enabling customers to seamlessly manage a range of resort-related activities from registration and profile updates, to cardless and cashless session creation and checking balances and promotions. The app also enables users to participate in cross-platform social gaming tournaments from the palm of their hands.

Additionally, the team will present its latest system agnostic kiosk solution, PATRON KIOSK, which enhances customer interaction and elevates guest engagement in resorts worldwide. PATRON KIOSK streamlines the loyalty program enrollment process and offers tailored experiences to each individual guest for a top-tier experience.

Panel Participation: Ken Jolly, Vice President & Managing Director, Asia, at Light & Wonder will participate in a panel discussion about player experience initiatives on Wednesday, June 5 at 10:50 a.m. in the Sicily meeting room.
