## **Scientific Games to Rollout World's Largest Installation of Wide Area Progressive System for Table Games within a Single Operator**

*The Rollout Covers 107 Blackjack Tables with Rank Group Plc*

**LAS VEGAS – July 21, 2015** – Scientific Games Corporation (“Scientific Games” or the “Company”) today announced it has signed an agreement with The Rank Group Plc (“Rank”) to supply Rank with its *Operator Wide Area Progressive System* for table games at its casinos in the United Kingdom to increase performance and excitement in the pit.

The Rank Group, which is the largest casino group in Europe, has chosen Scientific Games as its preferred business partner to install the Company's *Operator Wide Area Progressive System* on its Blackjack tables. The initial rollout covers 21 tables in 10 casinos across the United Kingdom, with 86 more progressive tables to be installed by the end of this year. Overall, the progressive jackpot will be offered on 107 tables in 53 properties. This will be a worldwide record in the history of *Operator Wide Area Progressive* table game rollouts.

The Company's exciting *Operator Wide Area Progressive System* for table games brings the life-changing progressive jackpot experience of the slot floor to the table games pit. With more than a dozen options, it gives operators the chance to thrill their players and offer them an unforgettable entertainment experience.

Kevin Grahame, Head of Table Gaming, The Rank Group, says, “We are excited to embark on a new partnership with Scientific Games. We chose to upgrade our existing Blackjack tables with the Shuffle Master *Operator Wide Area Progressive* system for table games as we believe this unique progressive solution will add tremendous gaming excitement for our customers to our live game tables and this in turn will help drive our revenues. Scientific Games is the only supplier we have encountered who is able to link progressive jackpots across multiple properties, leading to faster incrementing and more frequent jackpot wins.”

Rank has been a strong business partner with Scientific Games ever since the first shuffler was introduced on the market. The group deploys a broad range of Shuffle Master branded table products: shufflers (*one2six*, *MD3*, *DeckMate*) and a vast array of proprietary table games (*House Money*, *Ultimate Texas Hold`Em*, *Free Bet Blackjack* and a lot more).

Marco Herrera, VP & Managing Director (EMEA) for Scientific Games, said, “We are extremely proud to expand our long-standing partnership with Rank. The opportunity to provide Rank properties with our *Operator Wide Area Progressive* technology for table games on such a large scale is amazing. Our mission is to make gaming more exciting for players, which in turn benefits our customers, and the *Operator Wide Area Progressive* technology for table games does just that. By

enabling greater action across so many properties, the progressive jackpots quickly climb to very appealing levels.”

Scientific Games’ *Operator Wide Area Progressive* System for table games are now available in more than 50 casinos in the United Kingdom, representing more than a third of the industry. The United Kingdom has the largest live casino gaming industry in Europe.

### **Forward-Looking Statements**

In this press release, Scientific Games makes “forward-looking statements” within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements describe future expectations, plans, results or strategies and can often be identified by the use of terminology such as “may,” “will,” “estimate,” “intend,” “continue,” “believe,” “expect,” “anticipate,” “should,” “could,” “potential,” “opportunity,” or similar terminology. These statements are based upon management’s current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Actual results may differ materially from those contemplated in these statements due to a variety of risks and uncertainties and other factors, including, among other things: competition; U.S. and international economic and industry conditions; including declines or slow growth of lottery retail sales or gross gaming revenues and reductions in or constraints on capital spending by gaming or lottery operators; slow growth of new gaming jurisdictions; slow addition of casinos in existing jurisdictions; declines in the replacement cycle of gaming machines; ownership changes and consolidation in the casino industry; opposition to legalized gaming or the expansion thereof; ability to adapt to, and offer products that keep pace with, evolving technology; ability to develop successful gaming concepts and content; laws and government regulation, including those relating to gaming licenses and environmental laws; inability to identify and capitalize on trends and changes in the lottery and gaming industries, including the expansion of interactive gaming; dependence upon key providers in our social gaming business; retention and renewal of existing contracts and entry into new or revised contracts; level of our indebtedness; availability and adequacy of cash flows to satisfy obligations or future needs; restrictions and covenants in our debt agreements; protection of our intellectual property; ability to license third party intellectual property; intellectual property rights of others; security and integrity of our software and systems; reliance on or failures in our information technology systems; natural events that disrupt our operations or those of our customers, suppliers or regulators; inability to benefit from, and risks associated with, strategic equity investments and relationships; inability of our joint venture to meet the net income targets or otherwise to realize the

anticipated benefits under its private management agreement with the Illinois lottery; inability of our joint venture to meet the net income targets or other requirements under its agreement to provide marketing and sales services to the New Jersey lottery or otherwise to realize the anticipated benefits under such agreement (including as a result of a protest); failure to realize the anticipated benefits related to the award to our consortium of an instant lottery game concession in Greece; failure to achieve the intended benefits of the WMS acquisition, including due to the inability to realize synergies in the anticipated amounts or within the contemplated time-frames or cost expectations, or at all; inability to complete and integrate future acquisitions; restructuring costs; revenue recognition standards; impairment charges; fluctuations in our results due to seasonality and other factors; dependence on suppliers and manufacturers; risks relating to foreign operations, including fluctuations in foreign currency exchange rates and restrictions on the import of our products; dependence on our employees; litigation and other liabilities relating to our business, including litigation and liabilities relating to our contracts and licenses, our products and systems, our employees, intellectual property and our strategic relationships; influence of certain stockholders; and stock price volatility. Additional information regarding risks and uncertainties and other factors that could cause actual results to differ materially from those contemplated in forward-looking statements is included from time to time in Scientific Games' filings with the Securities and Exchange Commission ("SEC") (including our Annual

Report on Form 10-K filed with the SEC on March 17, 2014 and in our subsequent periodic reports), including under the heading "Risk Factors" in Scientific Games' periodic reports. Forward-looking statements speak only as of the date they are made and, except for Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.
